

## Lunchroom/Recess Supervisors Needed

May 12, 2017

### Help Wanted!

Have you ever wondered how you can spend more time at school while providing a much needed service and earning money at the same time? If so, we have an opportunity for YOU!

Wasco School and Aramark Food Service Co., the provider of food services for D303, are looking for lunchroom/recess supervisors for the remainder of this school year as well as for the upcoming school year.

The role of a lunchroom/recess supervisor is to provide a safe and secure environment for students to eat lunch and play at recess. All supervisors receive paid training. Supervisory duty is scheduled for approximately 1.5-1.75 hrs. per day. Flexible scheduling may be possible.

A link to the online application is [here](#). A screen shot for directions to the application process is attached to this email. All interested persons are encouraged to apply.

As a parent/grandparent, aunt/uncle, being a supervisor has it's perks-getting to see your student each day during lunch and recess.

If you, or someone you know is interested in earning extra money with the *priceless* benefit of getting to supervise the wonderful students of Wasco School, please contact Nicole at Aramark [224-388-5391](tel:224-388-5391) or Wasco School [331-228-2900](tel:331-228-2900).
